

New Way of Journaling

In chapters _____ I've learned:

- ❖ Characters who were important in this chapter
- ❖ The settings where these chapters events took place
- ❖ What I think about what I read
- ❖ My prediction about what will happen next

Write three questions about the section you just read. Be prepared to share your questions with your book group. You must know the answer to your question and be able to cite the page numbers where your answers can be found.
