Non-Aerosol Topical Sunscreen Use

In October 2018, the Pennsylvania School Code was amended to include a section on Sun Protection Measures for Students. Section 1414.10 states that a school entity shall allow the application of sunscreen during school hours, at a school-sponsored activity, or while under the supervision of school personnel. Review the full legislation, which is available on the Pennsylvania General Assembly's website: www.legis.state.pa.us.

Parents/guardians may choose to supply their child with **non-aerosol topical sunscreen**, if it is approved by the U.S. Food and Drug Administration.

Students must complete and submit the following information so that they are able to apply sunscreen during school hours, at a school-sponsored activity, or while under the supervision of school personnel.
