## How It Makes Sense to Me

| Key Terms:  | Time                | Environment When      |                       | <u>Time:</u>               |
|---|---------------------|-----------------------|-----------------------|----------------------------|
|   | Place               | Where                 |                       | -Seasons                   |
| My Definition:  |                     |                       |                       | -Time Periods              |
|   |                     |                       |                       | -Time of Day               |
|   |                     |                       | _                     | -Past, Present, Future     |
| Approved Definition:  |                     |                       |                       | <u>Place:</u>              |
| Setting is when and where the story takes place   |                     |                       | -City, State, Country |                            |
| (time, place, environment)  |                     |                       |                       | -Ship, playground, Stadium |
| etc   |                     |                       |                       |                            |
| Example:  |                     |                       |                       | Environment:               |
|   |                     |                       |                       | -Weather/Temperature       |
| The setting of Hatchet by Gary Paulson is mostly in the Canadian North Woods at present time. It        |                     |                       |                       | -Elements of Nature        |
| Begins in the season of summer, but Brian experiences the season of autumn as well before being rescued |                     |                       |                       | (desert vs forest)         |
|   |                     |                       |                       | -Noise/light level         |
| On My Own:  |                     |                       |                       | -Culture                   |
| Wha   | t is the setting of | Sticks by Joan Bauer? |                       |                            |
