

CREATIVE THINKING ♥ WARM UP

iNSTRUCtiONS

This 30 Circles Challenge comes from Bob McKim. It's a great warm-up that encourages creative thinking!

Simply give students 3 minutes to transform as many circles as they can into recognisable objects!

30 CIRCLES CHALLENGE

Turn as many circles as possible into objects in just 3 minutes!

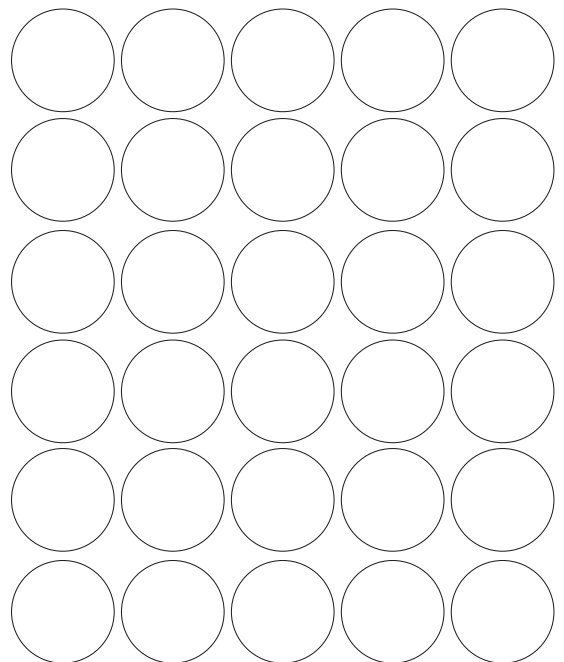

Discuss:

How many circles did you complete in the time?

Do your ideas connect in some way?

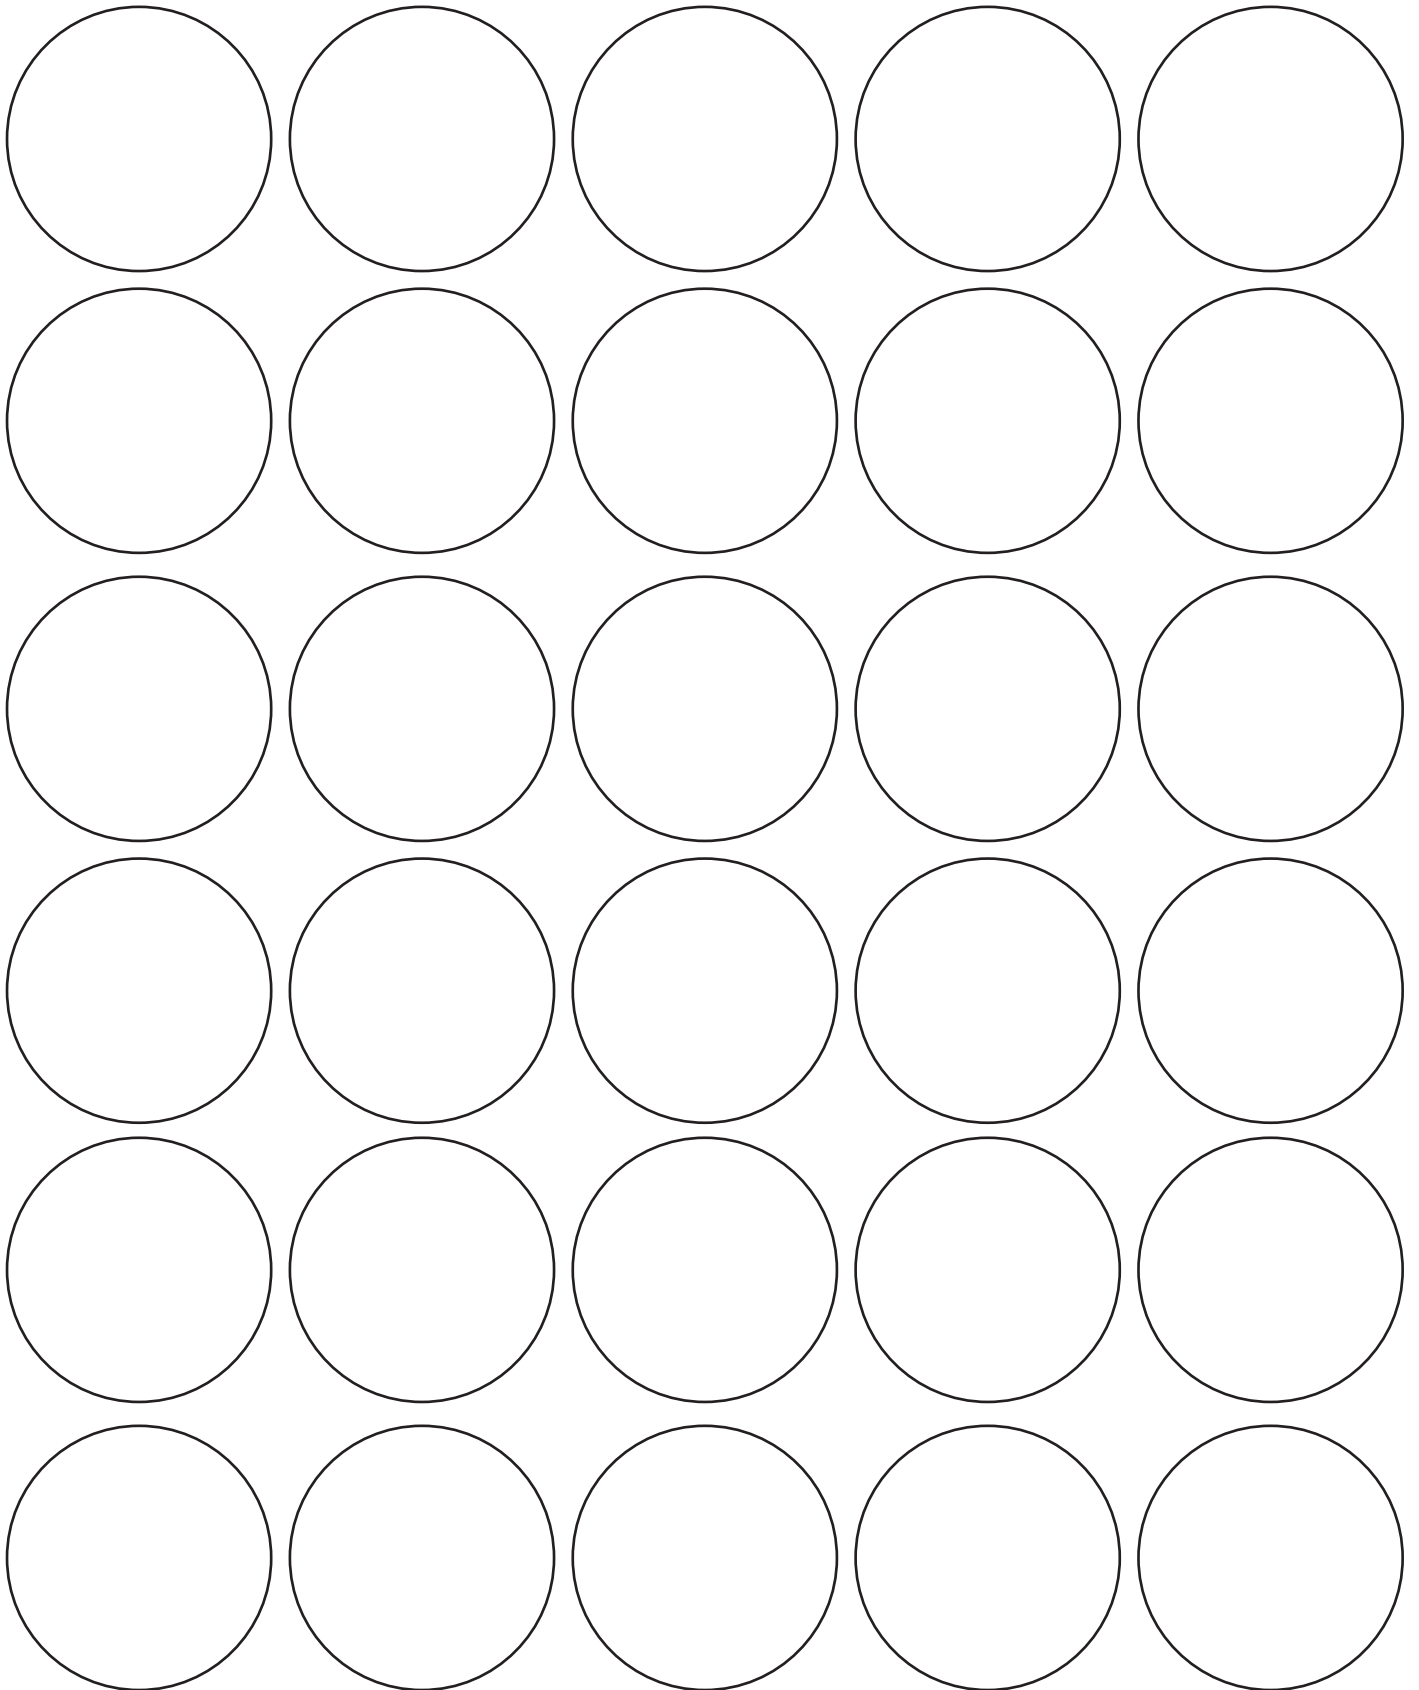

(e.g. different animal faces?) or are they distinct?

Was this task challenging for you?

30 CIRCLES CHALLENGE

Turn as many circles as possible into objects in just 3 minutes!

HEY you!
