

ONLINE OPPORTUNITIES FOR KINDERGARTEN

If you're able to access the Internet, there are some great resources available to your child. These resources can be accessed either by following directions provided by the teacher or by using ClassLink.

See the directions to access ClassLink, linked as a file on our webpage.

- **RAZ-Plus:** This is an online literacy resource full of activities for your child, including leveled texts and literacy games. You can access RazKids through ClassLink.
- **DreamBox:** This is an online math resource. Children play various research-based math games to support number sense and critical thinking. You can access DreamBox through ClassLink.
- **Scholastic Let's Find Out:** The magazines and accompanying resources are available online. Each magazine has a video and game. There are four magazines for March, including the Science Spin. They are "A Frog Grows Up", "My Wild Weather Day", "Have You Seen Green?" and "Caring for Baby". Instructions for accessing these resources have been sent home by your child's teacher.
- **BrainPop Jr.:** This website has videos that your child can watch for different subject areas, including Math, Science, Social Studies and even various phonemic awareness and phonics skills.
- **TumbleBook Library:** This site has many free books that your child can listen to and watch.
