Finding Information on Mr. McCauslin's Website

Parents,

With the time constraints at Back To School Night, I was not able to cover my website. There is quite a bit of information available to you when you visit it. Here are a few of the main features I think you will find useful.

Clicking on "Instructional Materials" will help you find most of the information that will be helpful.

The most helpful items for your use at home would be:

- ***Unit Notes** – These are COMPLETED unit notes that show the steps we are using in class
- ***Unit Daily Work** – an electronic copy of the work packet
- ***Textbook** – Link to the textbook website
- ***Textbook Practice** – a list of skills and page numbers in the text where they can be found. I have also listed practice quizzes.
